General Comment:**COGCC Inspection Report Summary**

On Wednesday 6/23/2021 at approximately 1200, I, Inspector Scott Ramsey, conducted a follow up inspection at Caerus K32, at Location # 334837 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat and Wildlife Management Area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

Some of the C/A's from previous inspection document # 700702480 have been completed.

During this inspection the following possible compliance issues were observed:

1. No tank battery signage from previous inspection has not been completed (C/A date remains the same 5/25/2021)
Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
