**Reclamation - Storm Water - Pit****Storm Water:**

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment

Comment: The cattle guard has been repaired and sediment removed. The road was regraded and gravel was applied to areas of the road and culverts were cleaned out. There is an area of the access road that was not repaired (photo 5.). Recent stormwater events have caused the culverts along the road to fill in with sediment and deposit sediment onto the road obstructing drainage. Ongoing maintenance and stabilization needs to be performed.

Corrective Action: **Install or repair required BMPs per Rule 1002.f.(2)C**

Date: 07/12/2021

**Pits:** ☐ NO SURFACE INDICATION OF PIT
