**General Comment:**

COGCC Inspection Report Summary

On Thursday 7/8/2021 at approximately 1100, I, Inspector Scott Ramsey, conducted a routine inspection at XTO/Caerus Freedom unit 297-16A, at Location # 336042 in Rio Blanco county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat and Wildlife Management Area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

During this inspection the following compliance issues were observed:

1. Random debris
2. Location has lack of stabilization/compaction

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
