FIELD OPERATIONS NOTICE

The Form 42 shall be submitted as required by Rule, Notice to Operators, Policy, or Condition of Approval.
A Form 42 Update shall be submitted to revise the scheduled date or time on a previous Form 42 - Advance Notice of Field Operations.
A Form 42 Update must be for the same well, location, or facility and for the same Field Operation as a previous Form 42.
NOTE: Operator's Contact for Advance Notices of Field Operations should be available 24 hours a day, 7 days a week and should have the most current scheduling information for the operation. Operator's Contact for other notices should be able to respond to questions regarding the reported information.

Update of a previous Form 42 Notice NO

NOTICE OF WELL LIQUIDS UNLOADING – Prior Notice Required

Start Date: 07/12/2021

Check appropriate box for timing of notice below. (Only 1 box may be checked.)

☐ 48 HOUR NOTICE

OR

☒ 2 HOUR NOTICE. Start Time: 06:00 (HH:MM)Is the estimated duration of the Well Liquids Unloading anticipated to last for longer than one day? Yes

If YES, describe the estimated anticipated duration of these operations:

Anticipated duration of operations is unknown and will depend on downhole conditions. Multiple wells on this pad require swabbing. As such, operations may be intermittent at times and involve different wells at different times. Once production has been reestablished, it is possible the subsequent swabbing operations may be required for several days to ensure well(s) have been unloaded appropriately.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct and complete.
