Re: Complaint regarding unpaid royalties from the Ellgen 11-10-1 well, Moffat County

Dear Ms. Murphy,

This complaint is filed against Gulfport Energy Company (Gulfport) and its subsidiaries associated with the Ellgen 11-10-1 well located in Lot 4, Section 10, Township 6 North, Range 991 West, 6th P.M., Moffat County, Colorado.

George C. Miner, II is mineral royalty interest holder of at least 12.75% of that well. For the past ten years, Mr. Miner has been going through the process of getting his royalty funds released from the Suspense Account held by Gulfport. Although there have been some actions that may have, at least for a period of time, called into question Mr. Miner's ownership, all of those questions have been addressed.

Enclosed are documents that indicate there is no question regarding Mr. Miner's 12.75% ownership, including copies of checks he has received for his royalty interest since January 2021. Mr. Miner is only interested in receiving payment for his royalty interest from the time the well was drilled through December 31, 2020.

Mr. Miner has understood that the Colorado Oil and Gas Conservation Commission (OGCC) could not review and take action on a royalty claim until money had been received and the amount either did not show accurate royalty interest or payment was not for the full amount owed. The later is what this complaint is based upon.

As evidenced by the tax notices from Moffat County, the annual income notices received from Gulfport, and the Division Order signed as requested, Mr. Miner's interest is obviously supportable.

Mr. Miner is aware that Gulfport filed for Chapter 11 bankruptcy in November 2020. He also received information that he did not need to file a claim under the bankruptcy because the Suspense Account in which his royalty funds were held was not a part of the bankruptcy and that Gulfport could continue to pay on those, and future royalties earned plus compounded interest from the Suspense Account. Notice was received that the Suspense Account and future royalty payments would be handled by Organic Energy or their designees. Contex Energy Company, LLC in Denver is the designee for disbursing the Suspense Account funds and royalty payments plus compounded interest through December 31, 2020.

Ms. Julie Murphy, Director

July 9, 2021

Page 2

Beginning January 1, 2021, Plains Marketing, LP(Plains) was designated to pay future royalties. Mr. Miner has received four payments from Plains.

Mr. Miner has had multiple conversations with Contex Energy staff and while they have been very willing to help have advised the Suspense Account has not been released by Gulfport, and as such the Gulfport Attorney must be satisfied before funds will be released. Mr. Miner has provided every document requested to secure that satisfaction to no avail. Requests to Gulfport for the amount of the funds held in suspense for Mr. Miner and production records from the well have gone unanswered. His only indications are the annual income statements Gulfport provided for the past four years (copies attached). It is questionable why Mr. Miner would receive an annual income statement that has to be reported on his income tax when no money was paid by Gulfport. While these statements indicate an income of around \$1,000 for those years, and his payment from Plains support that amount of current production, there is no doubt that the production for the first several years would have been higher. This would indicate there is well over \$10,000 and most likely significantly more due to Mr. Miner. Production information obtained from other sources by Mr. Miner indicate early production was at least 1,900 barrels of oil and some gas per month.

This complaint is a request for the OGCC to intercede and force Gulfport to release the suspended funds held on behalf of Mr. Miner.
