1002b. SOIL REMOVAL AND SEGREGATION _____

Comment _____

Corrective Action _____

Date _____

1002c. PROTECTION OF SOILS _____ Fail _____

Comment _____

This location does not comply with Reclamation rules. Rule 1002.c. states all stockpiled soils shall use best management practices to prevent weed establishment.

The stockpile has significant weed cover- Russian thistle and Kochia- with little to no perennial vegetation that would compete with the weedy vegetation and generally work to decrease weed growth. Refer to the attached inspection photos.

Corrective Action _____

Comply with Rule 1002.c. to reseed the stockpile using the approved seed mixture (refer to Photo 7). Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1003 standards, including stormwater and weed management.

Since it is not ideal to perform seeding operations during the hot, summer months, revegetation activities shall be complete no later than 11/15/21 or as soon as environmental conditions will permit.

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

1003 f. Weeds Noxious weeds? _____

Comment After two growing seasons, there is a lack of desirable plant species throughout the interim reclamation areas. Interim reclamation areas are comprised mostly of undesirable, weedy chenopods.

Corrective Action Perform reclamation in accordance with Rule 1003. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Use the approved seed mixture (refer to Photo 7). Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until the location meets Rule 1003 standards, including stormwater and weed management.

Since it is not ideal to perform seeding operations during the hot, summer months, revegetation activities shall be complete no later than 11/15/21 or as soon as environmental conditions will permit.
