General Comment:
On 7/13/2021 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Remove and properly dispose of waste and debris by 8/5/2021.

-Stormwater controls around the culvert on the access road are not adequate. Culvert needs better reinforcement and stabilization, as well as sediment maintenance at the inlet to prevent overflow. Corrective ation date: 8/5/2021.

See below, and attached photos for additional detail.
