Comment: There is an associated meter shed which is approximately 1600 ft. southwest of the well site. The meter shed and risers need to be removed. All equipment should have been removed within 3 months of abandoning the well. The disturbance area will need to be reclaimed. The access road and the well site is reclaimed and vegetation is progressing. The corrective action date is set for when equipment removal and reclamation was required to be performed. Corrective action needs to be performed immediately.
