**General Comment:**

On 7/29/2021 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Remove and properly dispose of waste and debris by 8/31/2021.

-Remove and properly dispose of flowering thistles, and control weeds by 8/15/2021. Corrective action timing is reduced to prevent dispersal of seed from flowering musk thistles.

-Install and maintain tracking controls above the ordinary high water mark (OHWM) on both sides of the low water crossing to the location. CA: 8/31/2021.

See below, and attached photos for additional detail.
