**General Comment:**

COGCC Inspection Report Summary  
 On Tuesday 8/10/2021 at approximately 1000, I, Inspector Scott Ramsey, conducted a follow up inspection at TEP GGU 11-32, at Location # 334860 in Garfield county Colorado.  
 While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area and the 411 water protection area. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad, there is no evidence of a tracking pad at time of inspection.  
 C/A (stabilization of location) from previous inspection document # 700702692 have been completed. Pad was dragged.  
 During this inspection the following compliance issues were observed:  
 1. A couple separators are lacking labels for heated baths (Glycol)  
 Refer to photograph of observed compliance issue.  
 A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.  
 This is a summary of inspection report.
