PRODUCED WATER TRANSFER SYSTEM OUT OF SERVICE

Date: 10/28/2020

☒ Entire Line Removal ☐ Partial Line Removal

Description of Out of Service:

Initial registration of Jimmy Gulch produced water system, which only includes one line, was mistakenly registered with an active status. This was incorrect. Ursa has never used the flowline and the line status should be considered Out-of-Service as of 2015 when Ursa took over the asset. OOSLAT has been applied to the system.
