COMMENTS:

Investment Equipment, LLC (Investment Equipment), respectfully submits this alternative sampling request as per Rule 909.j.(6). Investment Equipment operates the Davis #1 Pit, an existing multi-well produced water pit. Three wells contribute to the produced water in this pit: the Davis WT #1, API # 05-121-05413; the Davis WT #2, API # 05-121-05369; and the Davis WT #3, API # 05-121-05373. All three of these wells produce from the J Sand in the Ranger Field. Geographically, the three wells are approximately a quarter mile away from each other.

Investment Equipment proposes to consolidate the sampling program, due to the shared formation and field for the contributing wells to this pit as well as their discrete geographic positioning, and submit a representative analysis on an annual basis.
