Comment:

Corrective Action:	<p>The well location and associated access road appear to meet final reclamation regulations and standards, and appear reflective of reference areas. Unable to find evidence of oil and gas activities and/or disturbances.</p> <p>The tank battery does not comply with Rule 1004. Portions of the tank battery shows stunted growth that does not reflect the reference areas. Site investigation into why the crops are stunted is required.</p>	Date 08/04/2021
	<p>Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultura activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed. Documentation may require a signed surface owner letter.</p> <p>The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.</p>
