Comment: Operator has performed final reclamation activities; however, the access road and well location consist mostly of annual vegetation (e.g., cheatgrass and Kochia), not reflective of reference perennial vegetation after a minimum of two growing seasons.

Corrective Action:

Date **11/15/2021**

Comply with Rule 1004. Reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.

Revegetation activities shall be complete no later than 11/15/21 or as soon as environmental conditions will permit.
