Comment:

Location worked by BP/IKAV Energy weeds both mechanically removed any seed heads, chemically treated weeds on road utilized for access to other active wells, reclamation and adjacent yard area. This location has a Form 4 document 2485031 signed as approved by Director Matt Lepore dated 12/23/2013. Location is believed to be ready for final inspection as interseeding has been performed in barren areas and in area where pipeline work was performed on the western edge adjacent to the road. this area is part of the pipeline right of way and shall continue to be addressed by pipeline owners for revegetation. Please see attached photos of weed removal, trash removal and weed treatment.
