OFF LOCATION FLOWLINE Pre-Abandonment Notice

Date: 11/30/2006

Pre-Abandonment 30-day Notice

- Removed per Rule 1105.d.(2)
- Abandoned In Place per Rule 1105.d.(2) Exceptions - select all that apply:
 - A. A surface owner agreement executed by a surface owner allows abandonment in place.
 - B. The line is subject to the jurisdiction of the federal government, and the relevant federal agency directs abandonment in place.
 - C. The flowline or crude oil transfer line is co-located with other active pipelines or utilities or is in a recorded right of way.
 - D. Removal of the line would cause significant damage to natural resources, including wildlife resources, topsoil, or vegetation.
 - E. The flowline or crude oil transfer line is in a restricted surface occupancy area or sensitive wildlife habitat.
 - F. The flowline or crude oil transfer line or a segment of the line crosses or is within 30 feet of a public road, railroad, bike path, public right of way, utility corridor, or active utility or pipeline crossing.
 - G. The flowline or crude oil transfer line or a segment of the line crosses or is within 30 feet of or from under a river, stream, lake, pond, reservoir, wetlands, watercourse, waterway, or spring.
 - H. The operator demonstrates and quantifies that the removal of the flowline will cause significant emissions of air pollutants.
- Abandoned In Place per Rule 1105.d.(3)

Description of Pre-Abandonment Notice:

This line was registered as an injection line, but has not been used for any purpose at least since the field was purchased by Wesco in September, 2010. The Trelevan #7 water disposal well was converted to a water well in 2006 by a previous operator. The "out of service" date for the line as listed above is based on the date indicated on the sundry (document # 1738183) submitted to the COGCC by a previous operator as the date that the conversion from water disposal well to water supply well was completed. The Trelevan #7 former water disposal well/water well was plugged in June, 2020. The COGCC engineers comments on the approved well abandonment report (COGCC document #402438210 - approved 10/8/2020) states in part "Converted to water well in 2006. Not COGCC jurisdiction". Wesco has placed this line in Out of Service status because we believe it meets the COGCC definition for "Out of Service".
