**General Comment:****COGCC Routine Inspection Report Summary**

During this inspection the following compliance issues were observed:

- Contents posted as "Water" Water is not a proper content name for fluids recovered from down hole of well. Contents faded and not visible from distance.
- Battery sign not at tank battery.
- Dead weed debris on location and access road.
- Berm built into pit. Erosion of berm ground base and under cutting ground under the tank.
- Storm water moving sediment and eroding access road from location to road. Access road has storm water erosion and sediment back filled ditches.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
