Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

The noise is out of control, they are 6 months behind schedule mostly because they drilled more wells than they had permits for, you need to look into this because thats illegal.

Either way the noise last night was FUCKING INSAINE. It was easily in excess of 100db at my house and im not going to accept "they are being compliant" as an excuse anymore, you need to do do something about this, my community is suffering immensely from the loud constant noise coming from that fucking nightmare facility.
