#### COMMENTS:

This sundry notice is being submitted to revise the following portions of the Drilling Program: Casing/Cement Plan, Drilling Mud Program, and Drilling Waste Management Program. The updates to the casing and cement plan include changing this well to a monobore well with surface and production string only. The updates to the Drilling Mud Program Include utilizing both water and oil-based mud to drill out the wellbore, see waste management plan for details. The updates to the Drilling Waste Management Program include changing to a recycle/reuse program for drilling fluids and commercial disposal of drill cuttings, please see the attached waste management plan for details.
