Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

The fracking noise is out of control, it has been excessively loud the past week, routinely waking me up in the middle of the night. They are supposed to be in the production phase but there is no sign of this horse shit stopping any time soon. Are you ever going to actually do anything about it? Im sure you are still getting noise complaints, i have been regularly complaining, and getting from you, "ThEy ArE FoLIOWInG ThE RuLeS" as the only response. I have video of the noise coming through my closed windows at almost a mile away at 2:30 in the morning, so dont give me the "they are being compliant" nonsense. You are one step away from a lawsuit at this point, 24/7 industrial activity RIGHT NEXT TO PEOPLES HOMES is unacceptable and needs to stop. The videos i took are too big to email so i will most likely be issuing another complaint with the device the videos were taken on.

Is this an ongoing issue(s)? *
