**General Comment:**

COGCC Follow Up Inspection Report Summary  
Follow up to 7/13/2021 inspection # 701101731  
Corrected action item(s)  

- Road was bladed.
- Battery sign installed at tank battery.
- Weeds have been addressed.
- No visible gas line exposed along access road.

During this inspection the following compliance issues were observed:  

- Sink hole in shoulder of access road. Just south of DTU 1056 entrance.

The following uncorrected compliance issue were observed:  

- Sediment moving on and across access road. Road has erosion rill running across it and has created erosion into water drainage that runs to Douglas Creek. Shoulder of road is washing away. No evidence of storm BMPs on access road.

 A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
