Comment:

Corrective Action:	<p>The well location and access road appear to meet final reclamation regulations and standards, and appear reflective of reference areas. Unable to find evidence of oil and gas activities and/or disturbances.</p> <p>The tank battery does not comply with Rule 1004. Majority of tank battery shows stunted/dead crop growth and is not reflective the reference areas. Weedy, annual vegetation was also observed which includes but not limited to cheatgrass, field bindweed, and kochia.</p> <p>Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provided date and documentation of coordination with the surface owner.</p> <p>The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.</p>	Date 08/26/2021
