Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

Loud roaring fan noise from 10pm through 6am 8/16-8/17/21 with plumes of diesel exhaust smell and visual output. Poor Denver air quality isn't from automobiles, it's driven by this crap. The brown cloud starts at this site. The noise is so loud 1300 feet away, it has to be exceeding safe working levels for employees on site.
