Comment: **The well location and well location access road are not reflective of reference crop areas. An approximate 20' x 30' area at the well location and portions of the well location access road are evident.**

The associated offsite tank battery meets final reclamation regulations and standards.

Corrective Action:	<p>Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provide date and documentation of coordination with the surface owner.</p> <p>The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.</p>	Date	10/06/2021
