Comment:

	<p>The well location and access road appear to meet final reclamation regulations and standards, and appear reflective of reference areas. Unable to find evidence of oil and gas activities and/or disturbances.</p> <p>The tank battery location does not comply with Rule 1004. Gravel remains throughout the location and has not been re-contoured or re-graded; weedy, annual vegetation was observed which includes but not limited to puncture vine, field bindweed, and kochia. A List B CO Noxious weed, Musk thistle, was observed and flowering at the location.</p>	
Corrective Action:	<p>Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provided date and documentation of coordination with the surface owner.</p> <p>The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.</p>	Date 10/07/2021
