---

Ryan,  
Thank you for that upload. Last one we had was 2019.

Grace,  
Yes, we can shorten that wait time.

Thanks,

**Curtis Haverkamp**

Grace,

The only bradenhead tests I see are from 2019. Could you upload the 2021 test?

<https://cogcc.state.co.us/cogisdb/Incidents/bradenheadScout?api=12327118>

Thanks,

Hi Curtis,

This morning we had 0 psi and no flow or bubbles on this well. We would like to proceed with operations without the 8-hour wait after the setting the CIBP at 2002'. Please let me know if approved.

Thank you,

**Grace Howley**
