Comment Crestone Peak acquired assets from Burlington Resources (Operator # 26580) and ConocoPhillips (Operator # 19160) which were finalized in 2020. Previous to the acquisition, COGCC Staff had met with Burlington and ConocoPhillips regarding failures to comply with 1000-Series Rules for Interim Reclamation. It appears the issue persists; therefore, COGCC Staff is requiring Crestone Peak to perform an internal audit regarding interim reclamation compliance. Performing the required internal audit will not relieve the Operator from any potential non-complaint locations identified to be in violation of interim reclamation rules.

Corrective Action Operator shall perform an internal audit on previously identified locations from 2017 and all new locations that were constructed since 2017 to present. Operator shall submit the internal audit via Form 4 Sundry Notice to the attention of Chris Binschus by no later than 12/20/2021. Date 12/20/2021
