Subject: State Reportable Release 24 Hour Notification - WEST FARM 2-14A

Good morning,

We identified a state reportable historic release today following identification of historical release of an unknown volume along the flowline. This release is historic and therefore controlled. Clean-up activities are currently in process and a Form 19 Release Report is forthcoming. The location of the release is located within the Mule Deer Severe Winter Range, Mule Deer Migration Corridor, and Aquatic Native Species Conservation Waters High Priority Habitats. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County via electronic mail,
- The municipality of Platteville via electronic mail,
- Colorado Parks and Wildlife via electronic mail,
- Surface Owner notification is in process

The Environmental Release/Incident Report Hotline was not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:
