FIELD OPERATIONS NOTICE

The Form 42 shall be submitted as required by Rule, Notice to Operators, Policy, or Condition of Approval.
A Form 42 Update shall be submitted to revise the scheduled date or time on a previous Form 42 - Advance Notice of Field Operations.
A Form 42 Update must be for the same well, location, or facility and for the same Field Operation as a previous Form 42.
NOTE: Operator's Contact for Advance Notices of Field Operations should be available 24 hours a day, 7 days a week and should have the most current scheduling information for the operation. Operator's Contact for other notices should be able to respond to questions regarding the reported information.

Update of a previous Form 42 Notice NO

NOTICE OF HYDRAULIC FRACTURING TREATMENT – 48-hour notice required

Date of Treatment: 11/27/2021Time: 08:00 (HH:MM)Anticipated Date of Flowback: 01/13/2022Is the estimated duration of the Hydraulic Fracturing Treatment of this Well anticipated to last for longer than one day? Yes

If YES, describe the estimated anticipated duration of these operations:

Wells will be completed with plug and perf operations in a zipper frac manner for five wells. A wireline set frac plug will be set once a frac stage is complete, and perforations for the next frac stage will be shot. That stage will then receive a frac treatment. The process will be repeated until all stages have been completed.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct and complete.
