General Comment:

COGCC Follow Up Inspection Report Summary
Location is in close proximity of West Muddy Creek and in a High Priority Habitat Area.
Follow up to 10/18/2021 inspection # 701102071
Uncorrected action item(s)

- No EMS (911) on tank battery sign.
- NFPA label colors are faded on tanks. Separator unit has no contents posted with NFPA label.
- Nearest road is faded. No API # on tank battery sign..
- Legal description is faded on well sign.

 Corrected action item(s)

- Chemical container labels replaced
- Braden access and gauge plumbed to above ground surface.
- Pumphouse removed from location, fluids removed from well cellar and secondary containers.

 During this inspection the following compliance issues were observed:

- Unused square metal catch container in front of removed pump house has not been removed. Square metal catch container in front of separator is rusted and deteriorating.

 A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
