

Rule 909.j Produced Water Quality Analysis

Request for Alternative Sampling Program

Renegade Oil & Gas Company, LLC (Operator No. 74165) requests an alternative sampling program in accordance with COGCC rule and guidance for produced water produced from the same formation(s) in the same Field or unit to the same Pit.

Pit:	State W Pit – Facility Number 110629		
Field:	Lowry – Field Number 52075		
Producing Formations:	Ft Hays, Greenhorn and J Sand		
Wells:	State of CO W #3 – API Number 05-005-06577	J Sand	
	State of CO 7-24 – API Number 05-005-07157	Ft Hays and Greenhorn	
Location:	NE/4 SW/4 and SW/4 NE/4 of Section 24, T5S, R65W – 80 acres Arapahoe County		

The 2 wells all produce from the same formation(s) (Ft Hays, Greenhorn and J Sand) in the same field (Lowry) into the same pit in a small geographic area of 80 acres.

Attached are a map and aerial photo detailing the onsite equipment and flow path.

Renegade will take a sample from the discharge of the skim tank right before the commingled water enters the pit.

Renegade will collect samples according to standard environmental procedures.
