Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

Our house is about 1 mile away but frequently we hear the rig in side and when out side it is loud. Loud enough in the hot tub that you can hear the rig. Phone app is high 60s decibels and tonight it was 69.2 decibels.

To be 1 mile away and to need to turn the TV up to cover the rig noise is not acceptable. Windows are new in the last 2 years.

Is this an ongoing issue(s)? *
