Re: Temporarily Abandoned Locations

Dear Mr. Monahan,

I have received your request to extend the Mt. Hope Unit #16, NWSESE 19-9N-53W temporarily abandoned status. I was hopeful that you may have had specific plans for this well. On your future SI/TA six month status reports please be more specific on your well plans.

I have attached a copy of Rule 319(8)(b) for your information. The larger fields such as Divide, Mt. Hope and NW Graylin will be inspected so that the temporarily abandoned wells can be addressed. Since recent oil prices have increased we have seen more wells put back on line. I hope that this increase in price is reflected in the wells you produce.

Thank you for your assistance.

Yours truly,

Stephan Pott  
Sr. Engineer
