Workover

Comment: This a KPK rig. Last inspection Doc#693506109 crew had informed me they were just attaching houses head and leaving. Crew is still on site at time of inspection. Spoke with rig operator he informed me they were told to do a pump change after I had left last inspection on 12-16-21. At time of inspection crew was reattaching horses head to walking beam and rigging down.
