**General Comment:**

COGCC Routine Inspection Report Summary  
Location is in a High Priority Habitat Area.  
During this inspection the following compliance issues were observed:

- Battery sign not at tank battery.
- Produced water label is weathered and peeling.
- Separator units include an attached storage tank. The storage tank is approximately 23" x 26" x 60" with an approximate capacity of Calculated amount 3.7 BBL. The sight glass located on the side of the unit indicates the storage tank is full of an unknown fluid. No form of labeling or markers are present to identify a potential hazard or the contents of the storage tank.
- Rilling and channeling by the meter shed.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
