RE: WASYL BUCZKOWSKYJ.

Gentlemen:

I recently had a telephone conversation with the Manager of your office relative to the amount of gas escaping into the atmosphere from the well located on the SW $\frac{1}{2}$ SW $\frac{1}{2}$ of Section 22, Twp. ~~11~~ N., R. 56 W. of the 6th P.M..

12 N

I was advised that the matter would be investigated by your office but Mr. Buczkowskyj now tells me that the condition remains the same and that there is an excessive amount of air pollution by reason of the gas not being controlled.

Will you please make a further investigation and make the necessary requirements for control of the escaping gas.

Very truly yours,

SANDHOUSE AND SANDHOUSE
