Dear John:

Our client, Mountain Energy Production Company, Inc., recently advised us that the captioned bond should have never been written to the Oil & Gas Conservation Commission as the well is on State of Colorado land.

May I ask that you advise us in writing if this is the case, and if this bond can be released, that you also forward the necessary documentation.

Thank you in advance for your assistance.

Yours truly,

Re: Bond #1106048 \$2000 Surface  
Mountain Energy Production Company

Dear Linda:

As I mentioned in our phone conversation yesterday, we will be happy to release the captioned bond as soon as we receive a copy of the \$5000 surface restoration bond required by the State Land Board. This should already be in place if the surface lands are indeed still owned by the state.

Yours truly,

John R. Stowell
