Off-Location Flowline

The Flowline Report, Form 44, shall be submitted to register, report realignment, report removal from service, provide pre-abandonment notices, or report abandonment of Off-Location Flowlines, Flowline Systems, Produced Water Transfer Systems, or Crude Oil Transfer Lines or Systems as required by the 1100 Series Rules. The Form 44 shall also be submitted to register, report realignment, or report abandonment of Domestic Taps, and to report Grade 1 Gas Leaks from Flowlines per Rules 610 and

Operator Information

OGCC Operator Number: 96155 Contact Person: Bryce Maifeld
Company Name: WHITING OIL & GAS CORPORATION Phone: (970) 286-1595
Address: 1700 LINCOLN STREET SUITE 4700 Email: WhitingEasternCO@whiting.com
City: DENVER State: CO Zip: 80290
Is the Operator a Tier One member of the Utility Notification Center of Colorado (CO811) that participates in Colorado's One Call notification system? Yes ☒ No ☐

OFF LOCATION FLOWLINE

FLOWLINE ENDPOINT LOCATION IDENTIFICATION

Location ID: 315166 Location Type: Production Facilities
Name: HILL-61N101W Number: 6SWNE
County: RIO BLANCO
Qtr Qtr: SWNE Section: 6 Township: 1N Range: 101W Meridian: 6
Latitude: 40.086750 Longitude: -108.770970

Description of Corrosion Protection

The primary corrosion protection utilized for these off-location flowlines are the materials used for the lines. These lines are constructed of fiberglass and fiberspar which have corrosion resistant properties. Corrosion inhibitor and scale preventer are also used in conjunction with these lines to enhance corrosion protection.

Description of Integrity Management Program

An annual pressure test to the maximum anticipated operating pressure is used for integrity management of these flowlines.

Description of the construction method used for public by-ways, road crossings, sensitive wildlife habitats, sensitive areas, and natural and manmade watercourses (i.e., open trench, bored and cased, or bored only), if applicable.

OPERATOR COMMENTS AND SUBMITTAL

Comments

A Form 44 to register the off-location flowlines associated with this production facility was submitted on 4/21/2020. That Form 44 is still in review (Document Number: 401947825) so the two (2) off-location flowlines that terminate at this facility have not completed the registration process and have not been assigned a Flowline ID.

This form includes the most recent GIS alignment data for the two (2) off-location flowlines that terminate at this facility, the corrosion protection description, and the integrity management description.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.

Signed: Date: 11/06/2020 Email: WhitingEasternCO@whiting.com
