Dear Mr. Rogers

At present I am drawing up plans to incorporate these two wells into a company. Mr. Sandhouse of Sterling has had these papers made up for about 10 days now, so I should be about set up to complete this transaction by the end of the week. These wells will be transferred to the J and L Oil Co. I will then send you the surety bond for the company I am now forming.

I am now flowing the McKenzie FLB 1-A, and plan on in the very near future of pumping the McKenzie #1

Hoping this will be agreeable with you. If not, please let me know. I will send the \$2500 surety bond immediately.

Thank you

Yours Truly,
John Pivonka
