CORRECTIVE ACTIONS:

1  CA# 158909

Corrective Action: Provide a succinct project update to include all work done to date and the status of additional work that remains. Identify all risers and associated confirmation soil samples related to the abandonment of the risers.

Date: 01/10/2022

Response: CA COMPLETED Date of Completion: 01/04/2022

Operator Comment: Form 27 402916409 Hickert 33-20349  
This Form 27 is to provide a project update in response to the inspection Doc num: 688000587.

To date, all flowlines have been tested, flushed and are ready for abandonment, or are abandoned except for the gas gathering line owned by Smith Energy. Soils have been sampled and all results have been submitted to the COGCC for review.

Remaining work to be completed: Apply gypsum to inorganically impacted soil and place below root zone, cover with clean soil and add organic material if available and re-seed. This work is scheduled to be completed starting the week of January 10th.

COGCC Decision: Approved
