General Comment:

On 1/11/2022 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Remove and properly store unused equipment outside of the project area by 5/1/2022. Conduct interim reclamation in areas where unused equipment is stored if not needed for production operations.

See below, and attached photos for additional detail.

<p>Comment: Stormwater and erosion controls were assessed during this inspection and active erosion was not observed. These controls are assessed for whether they are functioning at the time of the inspection only. A determination as to whether or not they are adequate for the location over the duration of production is not made. Continue monitoring and managing stormwater and erosion controls to ensure compliance with stormwater regulations.</p>
