## General Comment:

## COGCC Inspection Report Summary

On Wednesday 1/12/2022 at approximately 1000, I, Inspector Scott Ramsey, conducted a routine inspection at TEP Kaufman 3, at Location # 423309 in Garfield county Colorado.

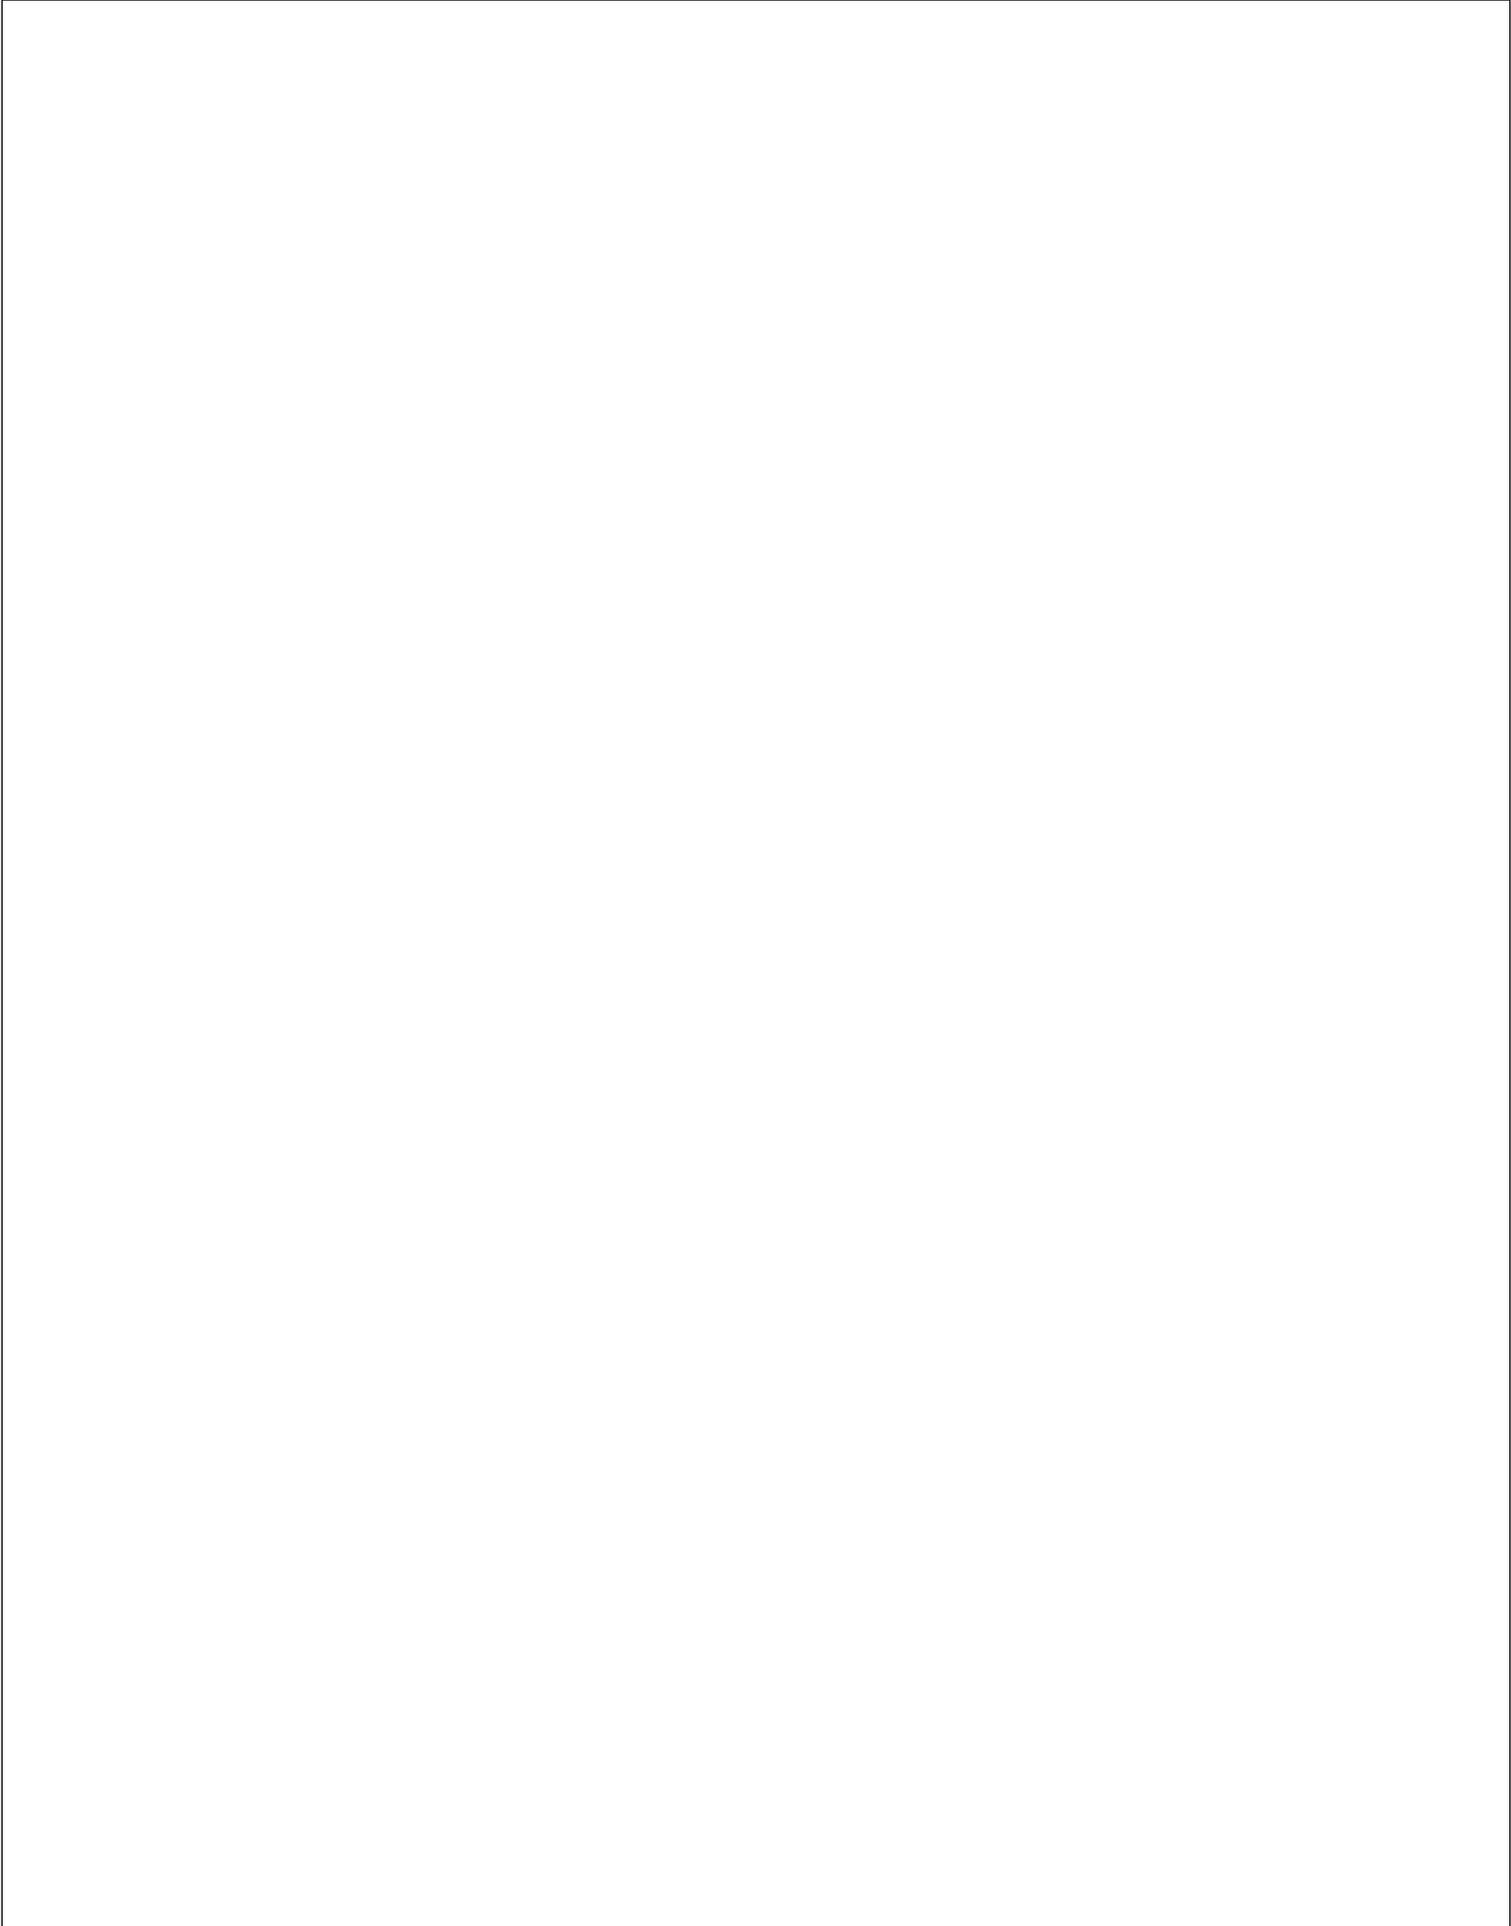

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area and 411 water protection. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad. Location and access are snow covered at the time of inspection.

During this inspection the following compliance issues were observed:

1. Unused/stored chemical tank

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
