Notice to do work  Land: Fee and Patented   
 Report of work done  State  Lease No. \_\_\_\_\_

Colorado Weld Wildcat  
 State County Field

Plains Exploration Co.  
 # 1 Herbert E. McKenzie NE SE SE 14 9 N 57 W 6th P. M.  
 (Well No.) (Lease) (1/4 Sec.) (Sec.) (Twp.) (Range) (Meridian)

The Well is located 990 Ft. (N) of Section Line and 330 Ft. ~~(E)~~ of East  
 Section Line. \*see note ~~(S)~~ (W)

The elevation above sea level is 4519 Ground - \* see note below  
 4527 KB Ft.

Details of Plan of Work: (State names of and expected depths to objective sands. Show sizes, weights, and length of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work.)

The well was plugged June 7, 1955 by filling it with heavy mud from the total depth to the base of the surface pipe (6070' to 231'). A ten-sack cement plug was set in the bottom 30 feet of the surface pipe (231' to 201') then the surface pipe was filled with heavy mud to within 20 feet of the top. A seven-sack cement plug was set in the top 20 feet of the surface pipe (31' to 11'). All measurements are taken from the Kelly Bushing which was approximately 8 feet above the ground elevation.

\* Note: - Location had to be moved 30 feet south of original location to facilitate drilling. Thus location 960' N of S Sec. Line and 330' W of E Sec. Line. Elevation, corrected, 4522' Ground, 4530' Kelly Bushing.
