DESCRIPTION OF COMPLAINT

(Please be as specific as possible)

**Location of Concern ***

Please provide as much detail as possible. It is important to narrow down the location.

Quebec & 136th Ave

Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

This is the second complaint I'm filling because nothing has been done. It's been 2-3 weeks and I can't take it anymore. The noise and vibrations are getting out of hand.

Is this an ongoing issue(s)? *

Inspection in response to complaint.

Field Inspector Assigned: Randy Silver

Complaint Received

Date: 1-10-2022

Complaint Contacted: Yes via phone

Date: 1-11-2021 Time: 12:06PM

Location ID #476754

Location name: Gus LD Pad

Inspection Document # 693506192, 693506194

Complaint inspection document #693506262

Complaint Document form 18 #402921180

Nature of Complaint: Noise

Field Inspector Actions:

On 1-11-2022, I Randy Silver area field inspector was assigned a complaint received by COGCC staff in reference to Noise. The complainant Alex Martinez 7255 E133rd cir Thornton CO stated the issues were occurring outside of complainants home.

On 1-11-2022, I attempted to make contact with the complainant who indicated experiencing loud noises from the Gus LD pad during the nighttime hours.

I performed a complete site inspection of the oil and gas location and associated wells in the area. At time of inspection, I did not observe any unusual noise in or around location. Third party sound data was collected as well as sound study performed by COGCC inspector. All sound data is attached to complaint inspection doc.

After initial review of sound data, it appears sound data is within COGCC rules.

At time of inspection, I spoke with both drilling supervisors, they stated at time of complaint they were drilling, and no unusual activity was taking place. A discussion about pipe handling procedures during nighttime operations took place. Operator stated they were going to rubber end caps on casing to deaden noise when handling.

No violation of COGCC rules were observed at the time of the inspection.

All information reviewed and site inspection information has been submitted to the COGCC for further review.
