Please provide as much detail as possible. It is important to narrow down the issue(s).

O&G activities and disturbance affecting ground water and Spring, Home Water Supply (flow & water quality) located 400 ft SW of NW corner of O&G pad. I purport that Existing Operations have affected Spring flow to point of necessitating water rationing. Operator is planning additional 19 Wells on existing Location and new location of 22 Wells necessitating pipeline 340 ft from my Spring and crossing the Springs conveyance . This additional development, drilling/pipeline/ expansion of existing & building of new pad is threat to my water supply/ groundwater and water quality.

Requesting Environmental Inspection,(Not FIU or Rec) water quality, & baseline testing.; assessment to determine past, current & future effects of O&G disturbance on water quality and supply.
