General Comment:

COGCC Inspection Report Summary

On Wednesday 2/2/2022 at approximately 0900, I, Inspector Scott Ramsey, conducted a routine inspection at TEP JCJ, at Location # 335321 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad.

Location is snow covered in areas at the time of inspection and Plowed.

During this inspection the following possible compliance issues were observed:

1. Stored/unused equipment (ECD)
2. Tank label missing information.
3. Debris at well heads

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
