OIL & GAS
CONSERVATION COMMISSION

CONTINENTAL OIL COMPANY

Box 680
Casper, Wyoming
October 12, 1964

Mr. D. V. Rogers, Director
Oil and Gas Conservation Commission
State of Colorado
1525 Sherman Street
Denver, Colorado 80203

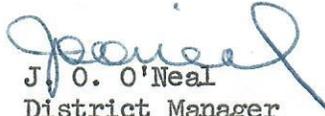

Dear Mr. Rogers:

Reference is made to your requests of September 29, 1964 concerning plugging records for Bourg No. 1, C SE SE Sec. 7, T9N, R78W, Jackson County, Colorado, and McCallum Unit No. 23, NW SE Sec. 18, T9N, R78W, Jackson County, Colorado. The "Intent to Abandon" was filed and approved for these wells during December 1963, but plugging has not yet taken place.

It is now our intention to defer abandonment of these two wells until field evaluation of a gas adsorption system for the area can be made. Such a system would result in additional condensate recovery from the produced gas, thereby returning the subject wells to an economical producing status.

Please return the Sundry Notices filed on these wells and we will re-submit in the future if abandonment is desired.

Yours truly,

J. O. O'Neal
District Manager
Casper District
Production Department
