722 Patterson Bldg.
Denver 2, Colo.

Gentlemen:

Reference is made to the well locations and the drilling of a well by your company in the South McCallum area of Jackson County.

Although these locations are on Federal land, notice of intention to drill should also be submitted to this office for approval. It has been noted that the No. 3 Government well, located in the C NE SW, 17-9N-78W, has been in the process of drilling since last August. The drilling of wells prior to approval by this office is in violation of Rule 303 of the Commission's Rules and Regulations. Please submit as soon as possible, notice of intention to drill for the above mentioned well.

Inasmuch as the No. 2 Gov't., located in the C SE SE, 17-9N-78W, and the No. 4 Gov't., located in the C SE NE, 20-9N-78W, have not been spudded, no violation exists, as yet, for these wells; however, the proper forms should also be submitted to avoid future violations.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

Frank J. Piro, Associate Petroleum Engineer
