Gentlemen:

Enclosed is an application to drill subject well. Contact with Mr. Frank Piro reveals the original application, dated 1-11-1980 was not received by your office.

The Rule book used by this office is dated July 1, 1973 and shows the old address. Our original application was mailed to the old address which may explain why the original application was not received.

We wish to apologize for the oversight and inconvenience that may have been created.

Yours very truly,

R M Albers
