Re: Federal 2-23X  
SE NW Sec. 23-9N-91W  
Moffat County, Colorado  
Blue Gravel Area

Dear Mr. Rogers:

In accordance with your request of January 21, 1976 in reference to the captioned well, we are enclosing copies of approved Report of Fracture Treatment and Shooting or Acidizing dated July 1, 1975, and approved report of Intention to Abandon dated July 22, 1975. In addition, we are enclosing reports of Lessee's Monthly Report of Operations dating from January 1975 through December 1975 covering the 2-23X and the 1-23 wells. The 2-23X well has not been plugged since we intend to use it as a water disposal well.

Yours very truly,

Secretary to George Farmar
